CREATING A GREAT FIRST IMPRESSIONS

TRUST US - WE RUN PARALLEL POLICE

Highly trained and pro-active workforce all staff are trained to BICSc standards, with a focus on delivering exceptional services and outstanding customer care.

FIRE PREVENTION AND FIRE FIGHTING

We provide special training to our security personnel to make them aware of the causes of fire, the types of fire, operate various types of fire extinguishers and other Equipments generally used for putting off fire. At the end of the training session, the trainee is able to know what to do in case of a fire emergency, their duties as part of a fire fighting party, cordon party, salvage party, rescue party, take precautions to prevent out-break of fire and if required be able to organize the existing manpower in these groups.

FIRST AID AND EVACUATION PROCEDURE

We also train our guards in elementary knowledge of serious accidents and serious illnesses, give first aid to the victims under the circumstances of serious burn injury, gas victims, victims of dehydration, Cardiac attack and electric shock. At the end of the training session, the trainee is able to obtain assistance to evacuate the victims for specialized treatment and have knowledge of contents and usage of **FIRST AID BOX.**

TRAFFIC CONTROL

We prepare all our personnel to carry out one of the most important assignments that they frequently do i.e., Access and Traffic Control. The main purpose of this training is to make them able to handle all visitors, government personnel, contractors, employees and their relations, casual labour, and others on the organization's premises; control and account for the keys to the organization's property and premises; control incoming and outgoing materials with the view to avoid pilferage; control the entry and exit of all types of vehicles and maintain records on the computer or in registers.

HANDLING THREAT OF OTHER TRAINING BOMB & EXPLOSIVE

We provide special training to our security personnel to take precautionary steps in case of threat of bomb/explosives, reduce the damage as far as possible, obtain assistance from government agencies concerned, lead the organization's employees to safety (crowd control), assist the police bomb disposal squad in their investigation of the threat and/or explosion.

SUPERVISORY TRAINING, PRE JOB TRAINING & REFRESHER TRAINING

Besides basic and specialized training, we also provide other training modules like supervisory training, pre-job training and refresher training for our security personnel. We provide supervisory training to those security personnel whom we found capable of supervisory duties. This training module covers supervision, leadership, human relationship management, substance abuse detection and counseling, mentoring, psychological aspects of leadership, emergency response, etc.

According to each client's requirements, all our security personnel are given appropriate pre-job orientation & training. This training is based on the client's specifications, job complexity and level of responsibility.

We give mandatory refresher training to all our security personnel twice a year. More frequent training is provided as per the client's needs and the performance of each specific individual. We strive to offer best uniformed security guards, armed guards, lady guards/searchers and other security staff as required at various levels. Real difficulties can be overcome; it is only the imaginary ones that are unconquerable.

SERVICES

Our guards are meticulously selected to make sure, that they are the perfect choice for each location that they are allocated to whether it's:

BUILDING SITE SECURITY

RECEPTION SECURITY

SUPERVISION NORMS & SYSTEM

We have a highly trained and organized network of operational staff and SSS has developed a mechanism to respond rapidly and manage our assignments efficiently. Our security guards would be directly responsible to staffs to accomplish the task assigned by the client on 24X7 basis, We have control rooms manned on24X7 basis with telephone lines and radio communication systems attended by English speaking controllers round the clock. It will be our responsibility to supervise the staff round the clock, and all your complaints/problems will be promptly attended to by our company senior officers.

We conduct regular patrolling of our client locations and periodical checks of our staff.

Due to our rotation policy, the staff is subject to transfer once in six months since we do not encourage our security personnel to be familiar with the clients employees or local people.

CONTINGENCY PLAN

As we place highest priority for the efficient running of the day to day operations, we always make it our policy to back it up with superb contingency plan as mentioned below;

- On a group of six static guards we always keep one reliever extra to handle emergency situations,
- At the barrack we employ extra 5 persons as a buffer in addition to the required staff,
- To handle extraordinary situation due to shortage of manpower we can arrange 50 staffs from our training centre in a short notice of 3 working days;
- In case of any casualty, guards, at a particular point, are trained to work for extra 4 hrs. to back up the ailing/absent guard due to any miss-happening,
- We strictly follow the rule of Systematic Leave Arrangement to ensure efficient man power planning at various security points.

DEVIATION PENALTY

Uncertainties can never be foreseen in a general working environment. However, we have to be fully prepared for any unforeseen mishaps & casualties. In case if it is found that any mishap or casualties occurred due to the negligence of our security personnel, it is our policy to form a joint committee which has the power to decide the penalty.

SALIENT FEATURES

Company believes in maintaining high order supervision on the personnel involved at grass root level. A battery of highly qualified operational managers enhances the efficiency levels of every individual. We are registered for ESI, PF and contract labour Act.
